

About Akuvox 2-Wire IP Intercom Kit

The 2-Wire IP Intercom Kit is for Villas, Small Offices, or Single-family Homes. The kit includes a single-button video doorphone, a touchscreen monitor, and an intercom app. The compact and stylish kit lets you upgrade your sites with smart intercom technologies using the existing 2-wire cables, eliminating expensive and time-consuming rewiring. The ready-to-use kit is easy to set up once powered on.

2-Wire IP Intercom Kit consists of both hardware and software
